#### A FEW DETAILS

What if I am out of town during scheduled delivery dates?

Easy. Just shoot us a quick text or email with 48 hours notice and it will be postponed.

Do I get a say in the colors/design/style?

Yes. While our goal is to bring you the most beautiful flowers of the season, we'd love to incorporate your favorites. With that said, we may edit our selection according to our keen eye for quality and aesthetic.

How long should I expect each arrangement to last?

Most arrangements last four to five days when watered daily. If left alone, probably three to five days. Some of the more delicate blooms may tire quickly, but they are placed in such a way that removing them will not disrupt the longer lasting blooms.

Do I keep the vases?

Not unless you want to pay for them. Otherwise, it's a fluid switcheroo at the next delivery.

Can I subscribe a friend as a gift?

Yes. Arrangements would be best to hash out by contacting us directly.

#### PRICING

What does is cost?

The starting price for an arrangement is \$75. That can be split up, for example, if you want a small arrangement for your bedside table and one for the dining room table, we can make two of differing sizes. Sales tax and delivery fees do apply.

What about incorporating special gatherings into my subscription?

We love to party. As an event design company, we are no strangers to the idea of helping people through all the details. In the past, our subscription clients have opted to use their November budget to throw a Thanksgiving party. We are usually flexible; just ask.

How do I pay?

Pre Jan. 31: Fill out our order form. Post Jan. 31<sup>st</sup>, on our website there is a "shopping cart" system set up, where you can select duration, frequency and payment options.
